

Friends of the Coralville Library

Registration Form

Our group is a not-for-profit organization whose mission is the promotion of reading. To this end, we support the resources, services and needs of the Coralville Public Library that are not covered by city funds. Every year the Friends pay for books equipment, supplies and children's, teen and adult programs. Your membership is important because dues as well as volunteer efforts help provide these services.

The Friends sole fund-raising is derived from the sale of books donated for this purpose. Books can be brought to the Library anytime during library hours. The books are sorted and organized by volunteers and sold at sales scheduled throughout the year.
